This is the second of three diagrams of our Nugent descendants from 1400 to the present day

It is in 3 segments : Left – Middle – Right

This is the Right segment

It has the Vector ID : 2, and Vector codes for all Nugent descendants here range from :

Left Segment : 2A1 to 2J5
Middle Segment : 2K1 to 2O5
Right Segment : 2P1 to 2Z5

Example : 3R3 – Sir George Frederick Nugent (0417)

IMPORTANT NOTE 1

To complicate my research, the data that I have found concerning our famous family sometimes leads us astray, and loses us completely.

There are many documents which give us the descendancy of the many branches of the family, and some of them are in total conflict with others.

I have a corroboration Document Base which confirms the data you find in my diagrams.

Any information in these diagrams has been corroborated from at least two independant documents (see Note 2 ---->)

Only certain dates (marked in red) are approximate.

IMPORTANT NOTE 2 (ONLY for SKIM Users)

If your are running on an Apple Mac (OS 10), I strongly suggest that you display this pdf file using the SKIM application (Free – Open Source) – much nicer !!

Many sections of this diagram have numbered annotations (such as C015, C015B, C041D, etc).

A number such as C021 refers to a Corroboration Document in my Corroboration Data Base (obtainable on request).

A number such as C042C refers to an annotation on a specific page within the PDF Corroboration document named C042.

These numbers reference a specific segment of my PDF Corroboration documents (Mac only !) which will confirm the content of a specific section of the diagram.

This diagram started small more than 10 years ago. It has burst the pdf limits of EAZYDRAW, and so is now in three segments (Left, Middle and Right) Pages 2xx, 3xx and 4xx

See Left Segment for Columns A to J. Localisation for Family Members will reference pages 2A1 to 2J5

See Middle Segment for Columns K to O. Localisation for Family Members will reference pages 3K1 to 3O5

This is the Right Segment for Columns P to Z. Localisation for Family Members will reference pages 4P1 to 4Z5
