This is the second of three diagrams of our Nugent descendants

It is in 3 segments : Left – Middle – Right

This is the Left segment.

It has the Vector ID : 2, and Vector codes for all Nugent descendants here range from :

Left Segment : 2A1 to 2J5
Middle Segment : 2K1 to 2O5
Right Segment : 2P1 to 2Z5

Example : Lawrence of Arabia (1626)

2F3

THE NUGENT FAMILY TREE

(1400-Present Day - Left Segment)

V23 - 23 September, 2013

Copyright - Francis Nugent Dixon

IMPORTANT NOTE 1 (ONLY for SKIM Users)

If your are running on an Apple Mac (OS 10), I strongly suggest that you display this pdf file using the SKIM application (Free – Open Source) – much nicer !!

Many sections of this diagram have numbered annotations (such as C015, C015B, C041D, etc).

A number such as C021 refers to a Corroboration Document in my Corroboration Data Base (obtainable on request).

A number such as C042C refers to an annotation on a specific page within the PDF Corroboration document named C042.

These numbers reference a specific segment of a PDF Corroboration document (Mac only !) which will confirm the content of a specific section of the diagram.

IMPORTANT NOTE 2

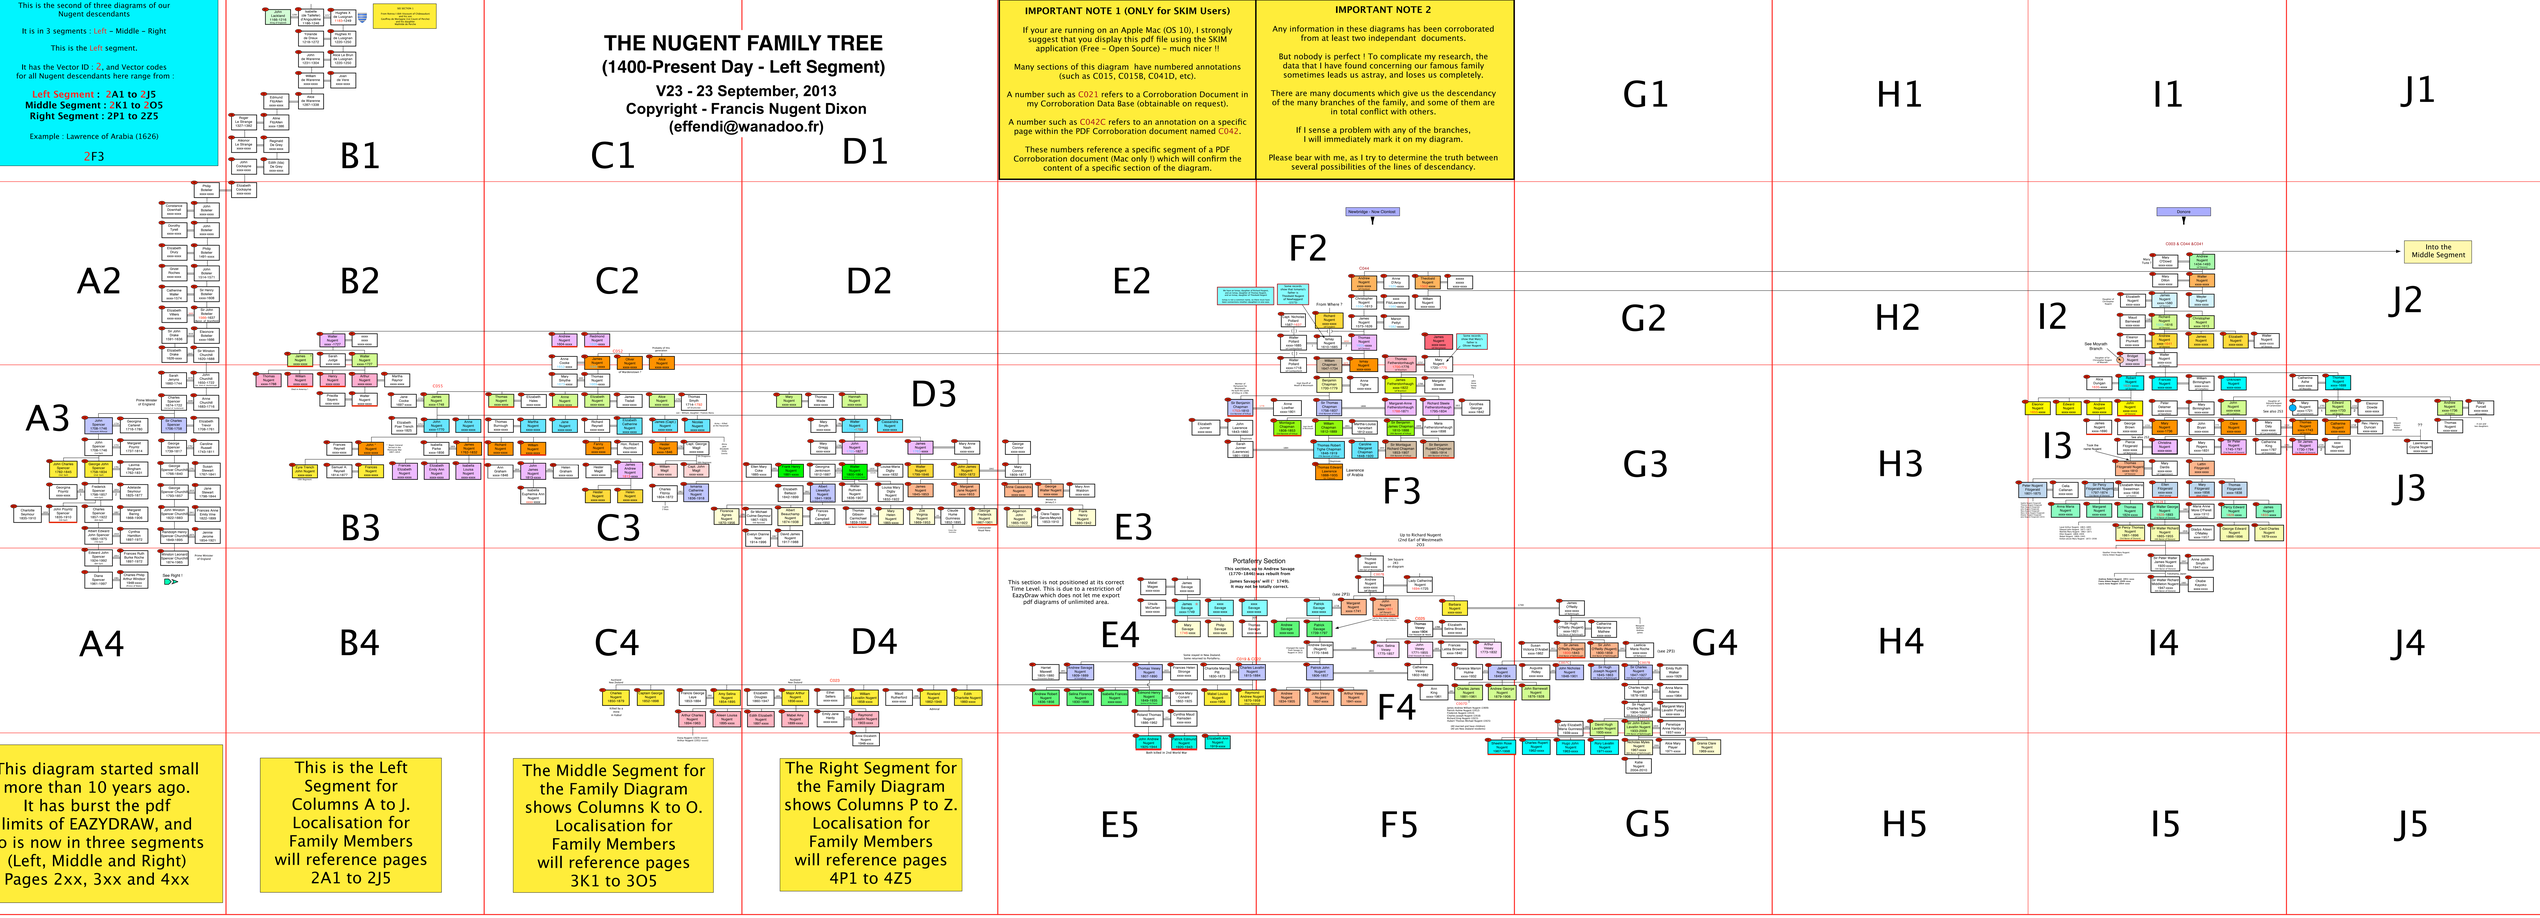
Any information in these diagrams has been corroborated from at least two independant documents.

But nobody is perfect ! To complicate my research, the data that I have found concerning our famous family sometimes leads us astray, and loses us completely.

There are many documents which give us the descendancy of the many branches of the family, and some of them are in total conflict with others.

If I sense a problem with any of the branches, I will immediately mark it on my diagram.

Please bear with me, as I try to determine the truth between several possibilities of the lines of descendancy.



This diagram started small more than 10 years ago. It has burst the pdf limits of EAZYDRAW, and so is now in three segments (Left, Middle and Right) Pages 2xx, 3xx and 4xx

This is the Left Segment for Columns A to J. Localisation for Family Members will reference pages 2A1 to 2J5

The Middle Segment for the Family Diagram shows Columns K to O. Localisation for Family Members will reference pages 3K1 to 3O5

The Right Segment for the Family Diagram shows Columns P to Z. Localisation for Family Members will reference pages 4P1 to 4Z5
